

**RESOLUTION NO. 7073**

**A RESOLUTION ADOPTING THE URBAN WATER MANAGEMENT PLAN FOR 2016**

The City Council of the City of Santa Paula does resolve as follows:

SECTION 1: The City Council finds and declares as follows:

- A. California Water Code §§ 10610 to 10656 require water suppliers to prepare an Urban Water Management Plan (UWMP) to promote water demand management and efficient use in their service areas;
- B. The City of Santa Paula is the Water Supplier for citizens and businesses of the City of Santa Paula and is required to update, adopt, and submit its UMWP to the California Department of Water Resources at least every five (5) years;
- C. The UWMP addresses projected water supply and demand over a twenty (20) year period in five (5) year increments. It identifies and quantifies adequate water supplies, including recycled water, for existing and future demands in normal, dry, and drought years, and also lays out a water conservation program to encourage the efficient use of the City's water resources.

SECTION 2: Pursuant to Water Code §§ 10610 to 10656, the City Council adopts the 2016 Urban Water Management Plan that is attached to this Resolution as Exhibit "A," and incorporated by reference. A copy of the UWMP was available for public review in the City Clerk's office since June 30, 2017.

SECTION 3: The City Clerk is directed to certify the adoption of this Resolution.

SECTION 4: This Resolution will become effective immediately upon adoption.

PASSED AND ADOPTED this 18<sup>th</sup> day of September, 2017.
